Dear Dr. Paniagua Quinones,

Thank you for your interest to include Slovenia at a Welcome Day for 2017-2018 school year to new students of the Ivy Tech Community College-Bloomington.

You have asked for a number of items, which we unfortunately do not all have in stock. Therefore we are sending you a small national flag and several tourist brochures. If you wanted a bigger size flag we suggest you purchase one on-line (for example on Amazon or Ebay).

We are also including a book titled "Slovenian-American Inventors and Innovators" by Edward Gobetz. We understand that you intend to treasure the book to your college library's collection.

Wishing you all the success the Welcome Day at your college.

Best regards,

Borut Žunič
Counselor
