Laptop Check-out Procedure has Changed!

The college has made some major changes to the policies and procedures for borrowing and using college laptops. The changes were made to improve the functionality of VPN and will enhance your overall user experience. The changes include:

- Off-campus VPN access will be improved to make it feel more like you’re sitting at your desk.
- You’ll be able to access your files just like you do on campus.
- Only college-owned devices will be permitted to connect to VPN.

Because of these changes, the check-out procedure has changed. You will need to allow extra time to log on to a laptop before you leave the library. Please allow at least 15 minutes for this process.

If you have any questions about the new procedures and policies, contact our Bloomington OIT desk at x146084.

ALI Reciprocal Borrowing Program

The Academic Libraries of Indiana (ALI) is a consortium of 69 academic libraries in accredited non-profit colleges and universities in Indiana. The group includes major research libraries, law and medical libraries, theological school libraries, undergraduate libraries, and all of the Ivy Tech libraries.

All students, faculty, and staff members of Ivy Tech are entitled to an ALI Reciprocal Borrowing card which can be used to borrow materials from any of the ALI libraries.

If you would like to obtain a card:

- Bring your photo ID to the library in D123 and fill out a short application.
- We’ll issue your official ALI Reciprocal Borrowing card which you may use at any of the ALI libraries.
- When visiting an ALI library, be sure to stop by the check-out desk first and show them your ALI card. Please note that specific privileges and loan periods may vary depending on the host library.

For more information, click on the brochure or visit the ALI Reciprocal Borrowing site at http://academiclibrariesofindiana.org/rbp/home.
